## September 28<sup>th</sup>, 2023

**Leawood Justice Center  
4201 Town Center Drive  
Leawood, KS 66211**

This workshop is based on 20 years of disaster planning and response experience. All animal welfare professionals will find a personal tie to this interactive discussion. Join us as we dive into a catastrophic scenario planning and problem-solving session that will give you the basics of a disaster plan if you do not have one; and start your gap analysis for agencies that already have a plan. You are the first line of help when the disaster strikes home...make sure you know how to be the lead agency when that time comes! Target audience includes Kansas City Metro Animal Control Officers, Animal Shelters, and City Emergency Managers.
