or scan the QR code.

Incidents that involve animals trapped in Flood and Swiftwater require special considerations and knowledge. This training is provided through both hands-on and classroom instruction. This class covers both the ASAR Swiftwater Technician skills and the ASAR Floodwater Boat Operations. Small animal rescue techniques will be the primary focus, with additional discussion about large animal issues and hazards in floodwater. Participants need to have the ability to swim in moving water conditions. Note this training has a 2-hour required virtual classroom session on July 24<sup>th</sup> at 11:00am central time.

Class Fee: \$450.00  
Drysuit/PFD/Helmet Rental: \$200.00 (optional)  
Class size limited to 30 people
